

UNIVERSAL ACCESS TO THE INTERNET AND FREE PUBLIC ACCESS IN SOUTH AFRICA

// A Seven-Point Implementation Plan

- 1** Free public access to the internet at government facilities
- 2** Zero-rated access to government websites
- 3** Free wi-fi in public spaces
- 4** Access to the internet as a basic municipal service
- 5** Digital literacy and skills development programmes
- 6** Minimum protections in the provision of free access to the internet
- 7** Oversight and monitoring the progressive realisation of free access to the internet
